IMAGINE LINCOLN CITY

WWW.IMAGINELINCOLNCITY.ORG

Imagine Lincoln City is a community engagement program with one overarching goal - to create a guiding vision for the way our community looks, feels, and functions over the next twenty years based on input from the people who live, work, and play here.

PROJECT OVERVIEW

Imagine Lincoln City will create a framework for future decision-making, investment, and collaboration. This is an exciting and engaging process that can lead to transformative change. Over the coming months we intend to identify shared community goals and aspirations by engaging people from all walks of life.

We encourage you to use your imagination and think BIG! For **Imagine Lincoln City**, the sky really is the limit. Your ideas will build the foundation for the future - whether it's influencing the way our community grows, how it adapts to changing technology, or strengthens the physical and social infrastructure required for maintaining a high quality of life. A shared and supported community vision can inspire new goals and policies, and influence the approach to future development.

WHY ARE WE DOING THIS NOW?

We've launched **Imagine Lincoln City** now to ensure upcoming changes to the city's comprehensive plan reflect the values and priorities of our community. The comprehensive plan is essentially a city "operations manual," comprised of goals and policies that influence land use, transportation, housing, and many other aspects of community life. The City will conduct outreach associated with those updates, as required by Oregon state law. But first, we want people to express their priorities up-front and identify where we need additional input.

We're excited to establish the first shared vision for Lincoln City. Over time, our municipality has grown through the incorporation of six smaller towns and communities that some refer to as the "string of pearls." Our goal is to preserve what people love most about the pearls, while addressing any outstanding needs or aspirations over the long-term. The sooner we engage our friends and neighbors in this important community conversation, the sooner we can set about achieving defined priorities.

WHO'S INVOLVED?

The City is leading this project with the support of many community partners. Vision Team members representing community groups will oversee the project and ensure everyone has a chance to share ideas and shape the vision. We want to hear from everyone who lives, works, and visits in Lincoln City! Our goal is to produce a long-range community vision.

SHARE YOUR PRIORITIES FOR:

Activities & Attractions
Enhancing Mobility
Environmental Sustainability
Community Health & Safety
Economic Opportunity
Education & Learning
Arts & Culture
Sense of Community &
Community Identity
Quality Community Services
...and anything else that
matters to you.
